PROFESSIONAL SUMMARY

Full Stack .NET Developer with 5+ years of professional experience specializing in C#, ASP.NET, ASP.NET Core, ASP.NET MVC, RESTful APIs, SQL Server, Angular, and ReactJS. Experienced in OTA (Online Travel Applications), payment and SMS gateway integrations, ERP systems, merchant platforms, and database development and optimization. Skilled in building secure, scalable, and maintainable enterprise applications using modern .NET technologies.

CORE TECHNICAL SKILLS

- **Languages:** C#, T-SQL, JavaScript, TypeScript
- **.NET:** .NET, ASP.NET, ASP.NET Core, ASP.NET MVC, Web Services, RESTful APIs
- **Frontend:** Angular, AngularJS, ReactJS, jQuery, AJAX, HTML5, CSS3
- **Database:** Microsoft SQL Server, MS Access, Stored Procedures, Functions, Triggers, SQL Jobs
- **ORM & Data Access:** Entity Framework, LINQ
- **Real-Time & Web:** SignalR, Node.js, XML, XSLT
- **Reporting:** RDLC Reports, Crystal Reports
- **Tools:** Visual Studio, Visual Studio Code, SQL Server Management Studio, Postman
- **Version Control:** Git
- **Integrations:** Payment Gateways, SMS Gateways, Email Gateways, Third-Party APIs

PROFESSIONAL EXPERIENCE

Software Engineer | Prime Tech Solutions Ltd.

September 2022 – July 2025

- Developed and maintained enterprise-level **OTA platforms** supporting online travel booking and business operations.
- Implemented key OTA features including **travel insurance, travel package management, and ticket refund and void workflows** based on business requirements.
- Integrated multiple **local and international payment gateways**, including SSLCommerz, bKash, Nagad, City Bank, EBL, BRAC Bank, UCB, CyberSource, HBL, ConnectIPS, Khalti, eSewa, and NepalPay QR, supporting secure payment processing and transaction verification.
- Implemented **SMS and email gateway integrations** for automated notifications, alerts, and transactional messaging.
- Developed and optimized **SQL Server database solutions and queries** to improve application performance and data processing.
- Configured **server and database environments** for new agencies and clients, performed data migration, deployed applications, and managed production setup to make projects live.
- Collaborated with development teams and business stakeholders to analyze requirements and deliver software solutions.

Technologies: C#, ASP.NET, ASP.NET Core, ASP.NET MVC, RESTful APIs, Microsoft SQL Server, Angular, Payment Gateway Integration, SMS and Email Gateway Integration.

Career Break – Maternity & Childcare

August 2025 – Present

Took a planned career break following maternity leave to focus on childcare and family responsibilities. Now ready and motivated to resume my career as a Software Engineer / Full Stack .NET Developer.

Junior Software Engineer | PriyoShop.com Ltd

January 2021 – August 2022

- Developed and maintained ERP systems using ASP.NET, desktop application technologies, RDLC reporting, and Microsoft SQL Server.
- Built and maintained SQL Server database objects, including stored procedures, functions, triggers, and jobs for efficient data access.
- Developed merchant-panel solutions, RESTful APIs, and Angular-based user interfaces with token-based authentication.
- Optimized SQL Server database objects and application performance to improve data access and system efficiency.
- Published and deployed projects to required environments.
- Collaborated with business analysts and users to gather requirements and deliver software solutions.

Full Stack Developer | BlueBay IT LTD

September 2020 – December 2020

- Developed the RAMS solution, including RESTful APIs using ASP.NET and SQL Server and the user interface using ReactJS.
- Built SQL Server database objects including stored procedures, functions, and triggers.

PROFESSIONAL QUALIFICATION

Enterprise Systems Analysis and Design with C#.NET (ESAD) — ISDB-BISEW Scholarship | Programmer IDB Bhaban (4th Floor), E/8-A, Mirpur | March 2019 – September 2020

Graphics Design — BASIS Institute of Technology & Management (BITM) | BDBL Bhaban (3rd Floor), 12 Kawran Bazar, Dhaka | March 2018 – June 2018

EDUCATION

MBA – Finance | 2015 | Institute of Science, Trade & Technology (ISTT), affiliated to National University | Result: 3.50

BBA – Finance | 2014 | Institute of Science, Trade & Technology (ISTT), affiliated to National University | Result: 3.25

HSC – Business Studies | 2010 | Narayanganj College | Result: 3.8

SSC – Business Studies | 2008 | M.W. High School | Result: 3.88

ADDITIONAL INFORMATION

Nationality	:	Bangladeshi
Date of Birth	:	April 30, 1993
Marital Status	:	Married
Current Location	:	Narayanganj, Bangladesh
